Livestock Farmer's Bulletin

APRIL, 2025

From Secretary's AH & VS Desk

With great pleasure, I present to you our department newsletter that serves as a platform to celebrate our collective achievements, share insights, and connect with each other. I am so proud of all that our team has accomplished this year. Let's stay focused on our goals and continue striving towards the betterment of Livestock wealth and upliftment of our farmer community.

Ms. Pallavi Sarkar, IAS
Secretary AH & VS

Our Vision

Enhance veterinary health coverage for livestock, control diseases, and promote scientific management and genetic improvement, including poultry. We aim to increase nutritious fodder availability, encourage farmers and youths in livestock rearing for self-employment, and boost milk, meat, and egg production for higher income.

Our Mission

Establish a strong veterinary healthcare system, enhance disease monitoring, and maintain a disease-free UT. Improve milk production through breed upgradation with sex-sorted and frozen semen, promote nutritious fodder, and increase egg production. We aim to boost productivity in goat, pig, and poultry farming while encouraging self-employment.
